

DW-J54-ANGXX-B

Dromex® J54 high visibility boilersuit is a lightweight work garment designed to provide the user with comfort, especially when working in hot and humid environments.

The 100% cotton satin weave finish and natural fibre construction makes this garment breathable and durable.

- Collared jacket with metal button closure and internal hanger loop.
- A concealed NG5 metal button closure.
- Two front side swing and slits, 2 breast pockets mitred with metal button closure and Dromex® sidewinder.
- One rear open pants pocket and a ruler pocket on left leg.
- Seams with triple needle topstitching for added durability.
- High visibility lime green silver reflective tape on arms, legs, breast and rear of jacket (30cm in length cross pattern).
- Inner elasticated waist for optimum fit and flexibility.

Special Instructions

None of the materials or processes used in the manufacture of these products are known to be harmful to the wearer.

The manufacturer has examined under the system for ensuring quality of production by means of monitoring and inspection.

These cotton garments are designed to accommodate the basic safety requirements and standards for Personal Protective Equipment.

The information contained herein is intended to assist the wearer in the selection of personal protective equipment.

Actual conditions of use cannot be directly simulated in a test environment therefore it is the responsibility of the end user and not the manufacturer or supplier to determine the garment suitability for the intended use.

Should there be visible damage such as tears or burn holes, it is recommended to replace the garment immediately.

Specifications

Cleaning & Maintenance

- The following suggestions will help keep your garment safe and neat:
- J54 garments can be cleaned by home cleaning or commercial laundering provided all the recommended conditions and settings are adhered to.
- Should home procedures not remove contaminants, then dry cleaning is recommended.
- Our recommended cleaning for these garments is as follows:
 - Pre-treat greasy stains and wash the garment in warm water with a light cleaning solvent.
 - Do not use Hypochlorite bleach or detergents containing Hypochlorite bleach as fading may occur.
 - Do not tumble dry.
 - Thoroughly rinse the garment to remove any wetting agents.
 - Do not hang in direct sunlight as fading may occur.
 - Sunlight can cause fading and reduce fabric strength.
 - When using commercial laundry aids, be sure to read and carefully follow the manufacturer's instructions.
 - Iron the garment on low heat.
 - Do not iron on reflective tape.
