

Dromex

QUICK DRY T-SHIRTS

DW-TECH-T

Description

The Dromex® moisture management, quick drying, 100% polyester t-shirts are a relaxed fit, contemporary sports design consisting of synthetic fibres providing the user with ultimate comfort and breathability, suitable for use when worn in warm environments.

The Dromex® Dri tech fabric technology works by directing perspiration away from your skin to the outside of the golf shirt for rapid evaporation, moisture wicking and quick drying.

The Dromex® t-shirts are available in 5 different colours, red, black, navy blue, royal blue and grey.

These t-shirts consists of the following:

- Hems are double needle stitched for added durability.
- The crew neck design provides additional protection on the neck.
- Lightweight polyester moisture management fabric for added comfort
- Dromex® sidewinder on left sleeve hem of t-shirt.

These garments are commonly used in the following industries:

- Corporate wear
- Promotional wear
- Active wear
- General work environments
- Warehouses

Special Instructions

None of the materials or processes used in the manufacture of these products are known to be harmful to the wearer. The manufacturer has examined under the system for ensuring quality of production by means of monitoring and inspection. These t-shirts are designed to accommodate the basic safety requirements and standards for Personal Protective Equipment. Cleaning & Maintenance

- The following suggestions will help keep your garment safe and neat:
 - Polyester garments can be cleaned by home cleaning or commercial laundering provided all the recommended conditions and settings are adhered to.
 - Do not dry clean.
 - Do not tumble dry.
- Our recommended cleaning for these garments is as follows:
 - Wash separately with like colours.
 - Pre-treat greasy stains and wash the t-shirt in warm water with a light cleaning solvent.
 - Do not use Hypochlorite bleach or detergents containing Hypochlorite bleach as fading may occur.
 - Thoroughly rinse the t-shirt.

- Do not hang in direct sunlight as fading may occur.
- Iron the garment on low heat.
- When using commercial laundry aids, be sure to read and carefully follow the manufacturer's instructions.
